

# Roomvo Kiosk

## Transform the shopping experience with in-store visualization

Bring visualization into the showroom with Roomvo Kiosk, an interactive, in-store experience, powered by the world's leading visualizer.

With Roomvo Kiosk customers can see your products in their spaces while in your showroom, resulting in higher conversions, quicker sales and happier customers.

## Harness the power of visualization to create the ultimate showroom experience

### 5x conversion rate

Seeing products visualized in the showroom inspires consumer confidence and closes more sales.

### Omnichannel merchandising

Connect your samples to the Roomvo Kiosk with Roomvo QR codes for a seamless customer experience.

### Endless aisle

Easy access to your entire product catalog – online and in-store.

### Immersive shopping experiences

Boost engagement and keep customers in the showroom for longer.

### Never miss a sale

Customers can explore products on their own while waiting for a sales representative.

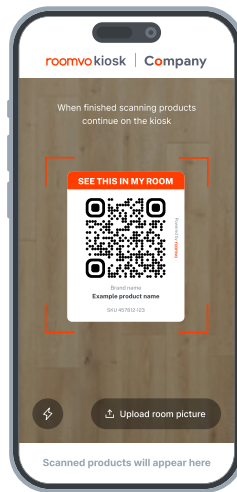

### Collaboration hub

Customers and sales can better collaborate on finding the best product for their space.

# How it works?

-  Use a phone to scan QR codes on samples and upload to the visualizer.
-  Upload a photo of the room to the kiosk to see it visualized with chosen products.
-  Place an order or get a link to view the products again.

## Modernizes our store

“Having our Roomvo Kiosk featured at the front of our showroom helps remind RSAs of the enhanced tools they have available to provide our clients with an even better shopping experience. The quality and size of the display also elevates the look and modernizes our store.”
