What's included in the Roomvo visualizer

Feature	Description
3D tile visualization*	Show the angles and texture of your 3D tiles.
Grout changer*	Customers can change the colour and thickness of the grout.
Compatibility checker*	Verify whether the type of tile a customer wants to visualize is compatible with the room uploaded and surface type selected.
Photo upload	Customers can upload their own photos to the visualizer.
Inspirational room scenes	Choose from our pre-built scenes or upgrade to your own custom versions.
User friendly product catalog	Customers can filter, search and identify favorites within your product catalog.
Compare mode	Customers can see options side-by-side in a visualized room.
Product information	Plenty of space to share all the details of your products.
Pricing details	Both pricing and discount pricing are supported.
Promotional tags	Add <i>in-stock</i> , <i>on-sale</i> and <i>bestseller</i> tags to your website's product thumbnails.
Self-serve tools	Manage product selection, make edits, and customize branding easily.
Analytics	On-demand analytics included.
Image download	Customers can download the image after adding tiles digitally to their photos.
Image sharing	Customers can share their visualized photos via email, Facebook, WhatsApp, SMS & other channels.
Integrated CTAs	Choose which desired actions you would like your customers to take, such as "Add to Cart", "Order a Sample" and "Find a Store."
Lead capture	Capture customer contact details with special offers or the option to book an appointment.
Brand customization	Personalize visualizer branding to ensure a seamless user experience with your website, including text, logo, colours and font.
Customer feedback	Customer feedback is collected and made easily accessible.
QR codes	Customers can launch the visualizer from a QR code on your product samples or marketing materials.
Website implementation	Roomvo requires only one line of code for implementation.
Website integration	Visualizer is fully integrated so the customer never leaves your site.
Interactive product images*	Add visualization directly to your product detail pages, with the ability for shoppers to rotate and zoom in on products. Photo uploads automatically appear on new product pages they visit.

*Add-on option, may be liable for additional charge.

Roomvo is the top visualization solution for the home decor space. This proprietary technology has a proven track record of increasing sales by allowing consumers to preview products in their own rooms in just seconds. Millions of consumers have used Roomvo at leading brands around the world.
